WEATHER SYNOPSIS BY REGION

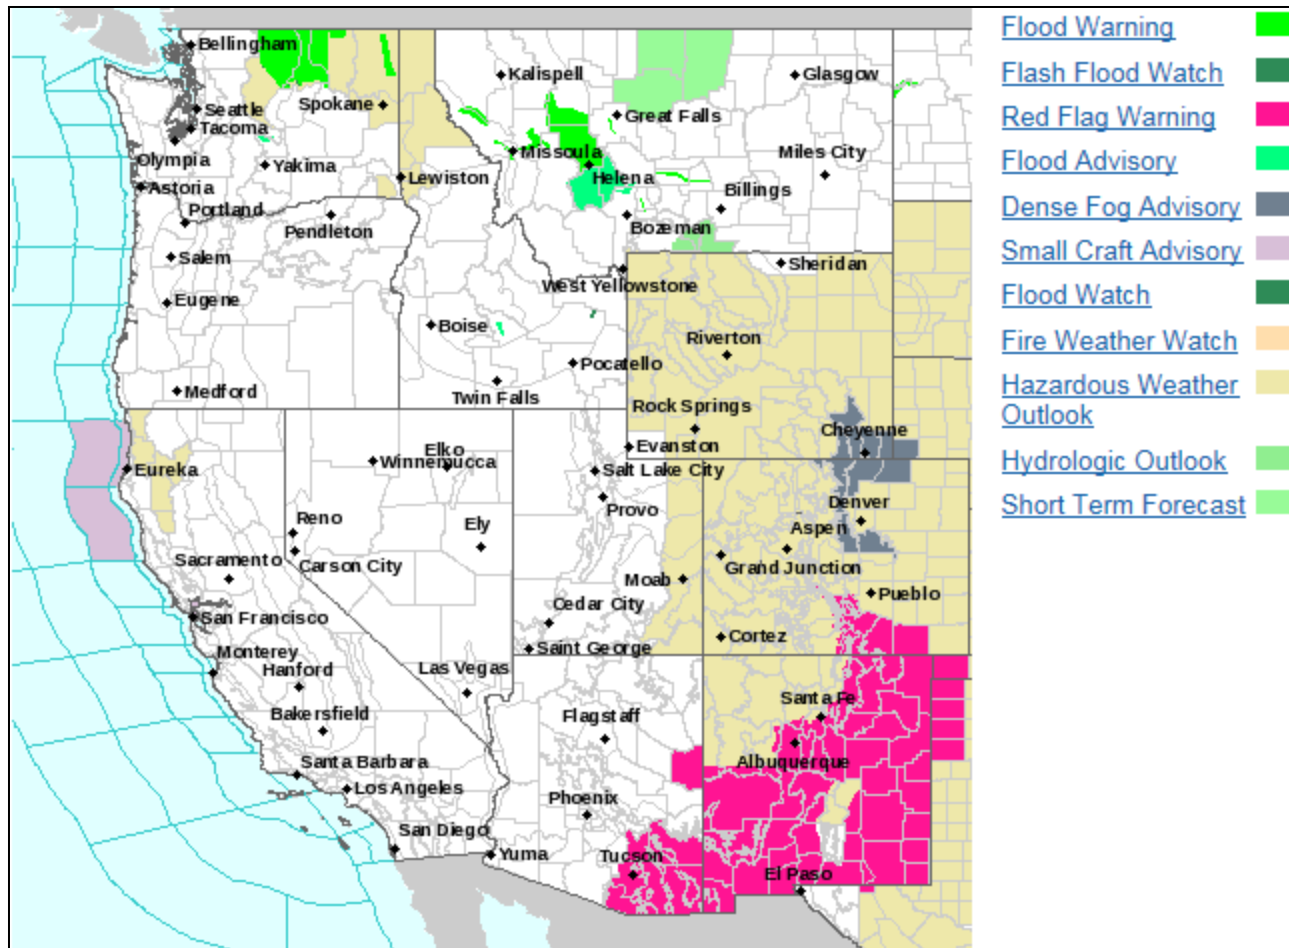

NORTHERN CALIFORNIA

Mild temperatures continue for this week. Afternoon and evening thunderstorms possible over higher terrain for much of this week. A gradual cooling trend is expected through midweek as the two upper lows interact over Northern California.

SOUTHERN CALIFORNIA

Low pressure centered over the Great Basin will move little through Monday as it slowly weakens. Another will follow for the middle of the week, maintaining onshore flow, periods of marine clouds, gusty winds over the mountains and deserts, and below average high temperatures into next weekend.

Cal OES LAW ENFORCEMENT MISSIONS

Cal OES Law Missions

- **2018-LAW-46688, 05/11/18, 0657 hours:** The Air Force Rescue Coordination Center (AFRCC) advised of a possible ALNOT involving a Beechcraft Model 76, Tail# N803FC, with two souls on board that were scheduled to fly on 05/10/18, from Santee to Victorville and return to Gillespie Field in San Diego County. AFRCC advised ramp checks had been conducted with negative results. At 0723 hours the Cal OES Law Enforcement Duty Officer (LDO) requested Civil Air Patrol (CAP) be activated and AFRCC opened mission #18M0289A. At 0756 hours, LDO spoke to San Diego County Sheriff's Department (SDSD), who confirmed they were assisting CAL FIRE with a fire that was believed to be from a small plane crash that occurred last night in the area of Vulcan Mountain. Based on the last known position of the ALNOT, it is suspected this may be the same plane which crashed last night. SDSD is on scene but cannot make access to the site for identification until the fire is stopped. LDO updated AFRCC. **Update: 05/11/18, 1720 hours,** SDSD advised ground teams made it to the suspected crash site but were unable to positively identify the plane or any victims due to the extensive fire damage. SDSD advised the site has been secured and will assist with Medical Examiner and NTSB investigators on 05/12/18. LDO updated AFRCC and requested CAP resources be released. **Mission Ongoing.**

Cal OES MISSION TASKING

Cal OES Missions

- **2018-IREOC-45244:** Caltrans to remove dead and dying trees along highways in Kern, Tulare, Fresno, Madera, Mariposa, Tuolumne, Calaveras, Butte, Plumas, Sierra, Shasta, and Lassen counties. (On Scene – Long-term assignment)
- **2017-SOC-44098:** CalRecycle Debris Management Team in Ventura County (Coordinating)
- **2017-SOC-43821:** DTSC to remove household hazardous waste from over 500 residential lots in Ventura County (On Scene)
- **2017-Inland-42559:** Weather station installed to gather real time rainfall data by Air Resources Control Board (On Scene)
